

# Oklahoma Municipal Fixed Income

## Quarterly Fact Sheet

As of December 31, 2025

### Objective

The objective of Cavanal Hill's Oklahoma Municipal Fixed Income Strategy is to generate current income that is exempt from federal income taxes and Oklahoma state income taxes by investing in a diversified portfolio of at least 80% Oklahoma municipal securities rated A or higher at the time of purchase.

### Process

Cavanal Hill's investment process for this portfolio includes macroeconomic assessment, market research, security analysis, and ongoing monitoring of Oklahoma intermediate tax free investment grade bonds.

### Portfolio Construction

Cavanal Hill believes that municipal securities offer the potential for attractive yields and enhanced safety of principal. We invest in Oklahoma investment-grade municipal securities rated A or better at time of purchase. The portfolio will have a duration between three and ten years.

### Caval Hill Oklahoma Municipal Fixed Income (creation 7/1/2006, inception 7/1/2006)

Includes all portfolios with a focus on at least 80% investment-grade credit quality, intermediate Oklahoma municipal securities that are exempt from federal and state income taxes, with a duration of 3 to 10 years. The benchmark is the Bloomberg Oklahoma Municipal Bond Index. Beginning March 1, 2017, Accounts will enter this composite as of the beginning of the second full month of performance. Beginning April 1, 2020, all accounts with cumulative in-kind or cash transfers into the portfolio of more than 25% of beginning assets or with cumulative in-kind or cash withdrawals in excess of 25% of beginning assets will be excluded from the composite for the month of the contributions or withdrawals and for one full month after the contributions or withdrawals.

\* Periods less than one year are not annualized. Net of fee returns are modeled by reducing gross monthly returns by 1/12th of the highest annual management fee in our fee schedule.

<sup>1</sup> The Bloomberg Oklahoma Municipal Bond Index is an Oklahoma-specific performance benchmark for the tax-exempt bond market. To be included in the Bloomberg Oklahoma Municipal Bond Index, bonds must have a minimum credit rating of at least Baa3. They must have an outstanding par value of at least \$7 million and be issued as part of a transaction of at least \$75 million. The bonds must have been issued after January 1, 1991, and have a remaining maturity of at least one year. Taxable municipal bond, bonds with floating rates, and derivatives are excluded. The returns published for this index are total returns which incorporate market value-weighting, daily price fluctuations, coupons, and pay-downs. The index is unmanaged. Investors cannot invest directly in an index. The above index does not reflect the fees associated with a managed account.

### SEC Disclosure

Gross performance results do not reflect the deduction of investment management fees other than trading costs. Gross performance data includes the reinvestment of interest, dividends, and other earnings. The value of investments may rise or fall. **Past performance does not guarantee future results.** Investments are subject to risks, including the possible loss of the principal amount invested. Client returns will be reduced by management fees and any other expenses incurred in the management of an account. Net performance results reflect the deduction of investment management fees and trading expenses, but do not reflect the effect of other fees which may be incurred, nor do they reflect compounding which may further reduce the returns shown. Caval Hill's investment advisory fees are described in Part 2A of its Form ADV.
